Husch Blackwell Partners Raupp, Sandifer Named to *Missouri Lawyers Media's* 2025 POWER List in Appellate Law

National law firm Husch Blackwell is pleased to announce *Missouri Lawyers Media* has named partners Michael Raupp and JoAnn Sandifer to its POWER list for Appellate Law. They co-lead the firm's appellate practice.

Raupp, based in Kansas City, represents clients in appellate proceedings, complex litigation, and high-stakes regulatory disputes. He regularly advises organizations on constitutional, statutory, and procedural issues, advocating for his clients in federal and state appellate courts around the country. Raupp has represented businesses and educational institutions in a wide variety of issues on appeal, including the First Amendment, Title IX of the Higher Education Act, the Federal Arbitration Act, due process protections, as well as sovereign and qualified immunity. He has worked with both public and private institutions to achieve numerous successful resolutions.

Based in St. Louis, Sandifer is a member of the firm's Real Estate, Development & Construction industry team where clients often look to her to handle precedent-setting cases that protect their business plans and goals. Thirty years into her practice, Sandifer has handled more than 75 appeals, helping clients secure significant wins. Although she works on cases nationwide, Sandifer is especially fond of working on cases that advance civic projects in her own community, such as St. Louis' Loop Trolley project and renovation of the Scottrade Center.
