OVERVIEW

As Director of Operations for Integrated Client Services, Brandon oversees day-to-day operations, ensuring efficiency and alignment with the firm's strategic goals.

Brandon brings a background as both an attorney and Marine Corps veteran to his role in the firm's business operations. He began his legal career as a summer associate at Husch Blackwell and was most recently a senior associate assisting firm clients with litigation matters. However, Brandon most enjoyed collaborating with clients on their strategic business goals and aspired to work in business growth over the long term. As a result, he pursued a business role within the firm.

In his current role, Brandon primarily supports General Assignment Associates, a group of more than 200 early-career attorneys. After having walked the same path himself, Brandon understands the challenges new attorneys face, and he works closely with each associate to put them in the best position to succeed in their careers and on behalf of the clients they serve.
