Husch Blackwell is pleased to announce that Josef Glynias, Bryan Hopkins and David Linenbroker have been named 2022 BTI Client Service All-Stars.

The three Husch Blackwell partners are among 565 attorneys from 194 firms identified by corporate counsel as standing above all the others in delivering the absolute best in client service. BTI Consulting staff conducted more than 350 in-depth interviews with top legal decision-makers at large organizations worth more than $700 million in revenue between January-November 2021 to arrive at the final list.

“Husch Blackwell is among a small group of law firms serving as home to multiple BTI Client Service All-Stars,” said Michael Rynowecer, President of The BTI Consulting Group, which directs the research. “The only way to achieve this honor is to be recognized by clients in an unprompted manner – clients single these attorneys out among all others. This a rare honor in such demanding times.”

St. Louis-based Glynias concentrates much of his practice on the facets of employment law that regularly change, such as wage and hour collective/class actions under state and federal law. Hopkins, based in the firm’s The Link virtual office (St. Louis), focuses his practice on toxic tort, product liability and business litigation. Linenbroker, also based in St. Louis, advises large companies on the realization of their real estate goals.

Now in its 21st year of publication, BTI Consulting notes that The BTI Client Service All-Stars list is the “gold standard used by corporate counsel and law firms alike to identify the attorneys delivering the absolute best levels of client service — better than all others.”
